

Please note the Form 9 filed via webfile 8/5/2010 for communications 4/6/10 thru 4/6/10 totalling \$23,524.25 was not a new report. It was an amended report filed to replace the Form 9 originally filed 4/7/10. According to the analyst we spoke to, there is no way to file a form 9 using your web form program. So we were advised to file replacement reports as if they were new reports and then send you this letter to explain our actions.
